Docket No. 98N-1265

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I've used compounded prescriptions for the past 2 years and have very good results and feel very fortunate that I have this choice. Instead of having a doctor tell me I can only use a certain prescribed drug. It's definitely made a difference in my daily life and I would hate to see this choice taken away from me.
